Introducing KBIS Starburst

“He’s proven at the top level of eventing and will take Syndicate Members to some of the bigger events” Georgie Campbell

KBIS Starburst is a 14 year old chestnut gelding previously successful at 3* level when ridden by Izzy Taylor (pictured above) and now in an exciting new partnership with rider Georgie Campbell for this season.

Georgie says “Rich (KBIS Starburst) knows his job and loves to perform! He has traditional Irish breeding which is also very popular in eventing. He is well trained and can execute all the advanced movements. He loves his jumping!”

Many of Georgie’s other horses have Irish x Thoroughbred breeding and are proven to be very successful.

As a syndicate member it’s a great opportunity to be involved with a top class horse with a proven track record who will eventually be aimed at some of the prestigious eventing competitions.

KBIS Starburst has an entry for Morton Morrell Open Novice on the 6th of May which will be his first outing with Georgie. All being well he will be compete at Aston Le Walls Open Intermediate on the 15th of May and then aim for a 4* event and hopefully Blenheim in September.

Introducing Malt Teaser

"Finding a horse with lots of thoroughbred breeding, who has a good brain and ability is what all professional riders are searching for" Georgie Campbell

Malt Teaser is a French bred Thoroughbred by Muhathir who was a top class miler. He was bought for €60,000 as a yearling from the Arqana sales in Deauville. Malt Teaser last raced in August 2019 and now this 7 year old chestnut gelding is embarking out on a new career as an eventer. He is showing a very trainable attitude on the flat coupled with a scopey jump. As a syndicate member it's a fantastic opportunity to be involved right at the beginning of an event horse's career and hopefully it will be an exciting journey watching him progress.

Malt Teaser spent a month with Georgie initially to assess him.

He is a great type with confirmation to match. Georgie said *"He loves his work, learns quickly and is very trainable. He's a good size and compact—full Thoroughbreds are ideal for top level eventing. Malt Teaser naturally carries himself well and gives a great shape over a fence"*.

Georgie plans to take Malt Teaser to some training competitions to introduce him to eventing. She will make sure that he is confident in all 3 phases before aiming for his first event which would be a BE90 or BE100. All being well, the aim would be to move him up the levels when he feels ready. [Watch Malt Teaser's first cross country schooling session with Georgie.](#)
